Dear Licensee:

This is in response to the above application filed on May 16, 2019, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You indicate that the KMTV-TV recently experienced a burn-out in the transmission line of its main channel 45 facility. After the burn-out occurred, the station began operating from a smaller, interim facility that was previously constructed to help KMTV-TV complete its post-incentive auction repack. You mentioned that the station requests Special Temporary Authority to operate KMTV-TV with an ERP of 497 kW and RCMSL of 549.3 meter, until it can complete its transition to the new channel 31 main facility.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **June 21, 2019**.

Sincerely,

A handwritten signature in blue ink, reading "Kevin R. Harding", is positioned above the printed name and title.
